

Pondering Plus Sample Agenda - Step 8

Step 8 of The Pondering Pub Roadmap is for the time period between when the Pondering Plus is immediately launched and the group coalesces around what their “art fostering” shall look like.

It looks almost identical to a normal Pondering structure, but with a bit more intentionality. The beginning of the Pub has a time for members to reflect and share their individuals goals with their accountability partner, and a space for the Pub to reflect upon what they want their community goal to be. On the next page is a printable agenda.

For the sample agenda, the “middle part” is whatever your Pub had before. For this example, we went with “Structured Pondering,” though you should include “High Energy” if that’s what your group used before.
